

TO OUR BERMUDA BAY COMMUNITY AND FRIENDS

We consider ourselves and our community lucky to have come out of Hurricane Irma with minimal damage. To our surprise we have minimal damage to screens and roofing shingles that we are currently addressing with our professional vendors.

Clean up efforts have begun on September 15th with our Tree Service and Landscape crew to ensure that safety issues are being taken care of with down limbs and tree debris. We will be sending notices out to our owners to alert them to ripped screens and other small damages due to this storm.

Please be assured that both the Management Team, Board Members and our Maintenance staff are working diligently to get Bermuda Bay back to normal with all repairs and clean-up efforts. Please feel free to call or email the office with any questions or concerns you may have.
